Luxury treatment

A combination of eight different skin-boosting peptides provides a broad range of skin benefits for a youthful radiance. This serum helps to improve the skin's firmness and texture thanks to a 2% concentration of ARGIRELINE® PEPTIDE, a highly effective hexapeptide complex, which smoothes the appearance of fine lines and wrinkles with a noticeable freezing effect.

Argireline® is a registered trademark of The Lubrizol Corporation or its affiliates.

A powerful combination of eight different peptides work to visibly improve the appearance of skin's firmness and texture. The carefully selected peptides in this multi-functional formula help to retain optimum moisture levels and decrease the appearance of wrinkle volume. The skin's overall condition is improved and a more youthful, smoother looking complexion is restored.

Application: Gently massage onto cleansed facial skin morning or evening. Work into the skin until tacky, follow with a moisturiser.

Caution: Not for internal use. Use only as directed. Avoid contact with eyes. Keep out of reach of children. For optimum long-term skin health wear a broad spectrum SPF daily.
