

Profil-Gummi verwenden

10% Niacinamide is combined with brightening liquorice root extract to create the ultimate skin-perfecting serum. Visible imperfections and irregular skin tone are dramatically reduced and a more refined, flawless complexion is restored. Dermatologically tested.

Application: Massage onto clean, dry facial skin morning or evening, follow with a moisturiser.

Caution: Not for internal use. Use only as directed. Avoid contact with eyes. Keep out of reach of children. For optimum long-term skin health wear a broad spectrum SPF daily.

ADVANCED TECHNOLOGY MEETS PROVEN INGREDIENTS

SkinSense's revolutionary lamellar formulation locks powerful ingredients into the skin, where they remain working harder, for longer. The Anti-Pigmentation (AP) Perfecting range contains a combination of Niacinamide and Hexylresorcinol - ingredients selected for their ability to brighten, smooth and refine the skin's texture and tone. The result is a range of highly effective, complexion-perfecting products.
