

### Smooth · Renew · Revive

Reveal bright, silky smooth skin with this active body serum, formulated to target dullness and uneven texture on the body. Glycolic Acid works alongside a unique AHA blend of Pineapple, Apple, Papaya and Sweet Orange to break down and polish away dead skin cells. Squalane effectively locks in moisture for a soft, radiant finish.

Directions: After cleansing, smooth over the body, paying attention to areas such as tops of the arms, legs and chest. If required, follow with moisturiser. AHAs may increase your skin's sensitivity to the sun. Use a sunscreen while using this product. Do not expose skin to direct sunlight after application. Avoid contact with eyes. If adverse stinging or tingling sensation occurs, discontinue use immediately.
