INGRÉDIENTS CLÉS

Acyl-Glutathione: Le Principal Antioxydant Composé de 3 acides aminés, le glutathion est le principal antioxydant trouvé dans le corps et aide à réduire l'apparence des rides et des plis les plus profonds en protégeant et en réapprovisionnant la peau fragile. Les niveaux naturels de ce élément essentiel s'appauvrissent au fil des ans, mais une application topique peut aider la peau à paraître plus lisse et plus jeune.

Mélange de Vitamine F: Protection Ultime Contre L'Humidité Les huiles de graines de lin, de chia et de macadamia restaurent la souplesse de la peau et la rende resplendissante de santé en hydratant intensément et en améliorant la barrière d'hydratation cutanée. Essentielle mais pas naturellement présente dans le corps.

Ultra-lightweight serum with a fluid, fast-absorbing texture visibly smooths eyelid creases, crepiness & uneven texture, as it noticeably lifts the look of sagging lids & diminishes the appearance of under-eye circles & darkness. It quickly works to replenish skin's natural moisture barrier, creating a more even-textured surface for smoother, longer-lasting eye makeup application.

Un sérum ultraléger à la texture fluide et rapidement absorbée qui lisse les rides profondes de la paupière, la peau flétrie et les inégalités de texture. Il rehausse notablement les paupières qui s'affaissent et diminue l'apparence des cernes et des ombres. Il fonctionne rapidement pour restaurer la barrière d'hydratation naturelle de la peau, créant ainsi une surface à la texture plus uniforme pour un maquillage plus lisse et longue-tenue.

APPLICATION

Gently pat onto eye area using your ring finger. Use morning & evening. Keep out of eyes.

Tapotez doucement sur le contour des yeux en utilisant votre annulaire. Utilisez matin et soir comme dernière étape de votre rituel. Evitez le contact avec les yeux.
