Apply to cleansed face until completely absorbed.

Face Cream **Anti-fatigue Smoothing** - Mode of use:

PROTECTIVE SMOOTHING

BIOMIMETIC FACE CREAM

Rebirth

SILKY

ANTI-FATIGUE
SMOOTHING

The revolutionary answer from the latest biotechnology to the skin's ageing process and pollution damage. A multi-tasking strategy combines active ingredients such as growth factors, which stimulate the production of new epidermal cells, accelerating the skin's turn-over, which is thus reborn day after day. A true genetic rebirth.
