Post-style serum
Holds and hydrates

Sérum après coiffage
Apporte tenue et hydratation

100 mL e
3.38 FL.OZ.

Our post-style serum holds and hydrates your end style, for shine and instant definition, while protecting against environmental humidity.

Dyson-engineered

Triodetic™ technology, powered by chitosan, locks in flexible styles, strand by strand.

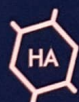

Chitosan

Our key ingredient is a complex macromolecule, derived from oyster mushrooms.

Amino acids

Contains a blend of amino acids known to repair signs of surface damage.

Hyaluronic acid

Helps reduce frizz caused by humidity, for softness and shine.

Precision applicator

Designed to dispense an exact amount every time, for controlled usage.
