FABULOUS FEET

INCLUDES
2 EXTRA
PADS

**PROFESSIONAL FOOT FILE
WITH 4 PADS**

The ultimate tool for achieving salon-quality results at home. This Podiatrist-approved multi-award-winning Professional Foot File is designed to instantly transform your feet. Crushed crystal technology removes hard, dry skin and callouses, leaving your feet smoother, more comfortable, and looking better than ever before. It comes with two pads, along with two additional replacement pads, each lasting approximately three months, while the stainless-steel handle is crafted to last a lifetime.

DIRECTIONS

Use on dry feet before you have a bath or shower, on areas of thickened, calloused or dehydrated skin. Concentrate on the heels, the balls of the feet, beside the big toe and weight-bearing areas. Use twice a week. Wash after use with a damp nail brush and dab dry. Once worn, peel back and dispose of old pads and replace with new self-adhesive pads by pressing firmly into position on the file.

CAUTION

Do not use on open skin, do not overuse, do not grip the file too tightly, and keep it out of the reach of children.
